About the conference

Following the success of last year's conference, we are again running the 'Transition to Harper Adams University Conference' and you are invited to attend this exciting event on 13-14 September 2017.

Transition to university from school, college or the world of work can present a challenge in adapting to different ways of studying. Students who have come from a vocational background (e.g. followed BTEC National courses), sometimes find that the move to Higher Education brings a new set of demands.

This conference has been organised to give students coming from a vocational background a flying start and offers those embarking on Foundation and BSc Degrees the opportunity to:

- Get a taste of living at Harper Adams University
- Meet fellow students before the start of term
- Understand how people learn and learning styles for successful study
- Take part in team building activities
- Look at types of academic study and presentation
- Get a feel for a typical Harper Adams week
- Understand where to get support and meet members of the Learner Support Team
- Get the answers to any perplexing questions
- Have fun!!

Sessions

Conference sessions include:

- Setting the scene and orientation tour:
 - The Harper Way
 - A typical week/term
 - Assignment briefs
- Becoming an effective learner - developing new skills
- Professional services, student services, clubs and societies
- Meet student ambassadors
- As well as fun activities such as the team challenge
