# Making Harper Adams Harvard your default referencing style
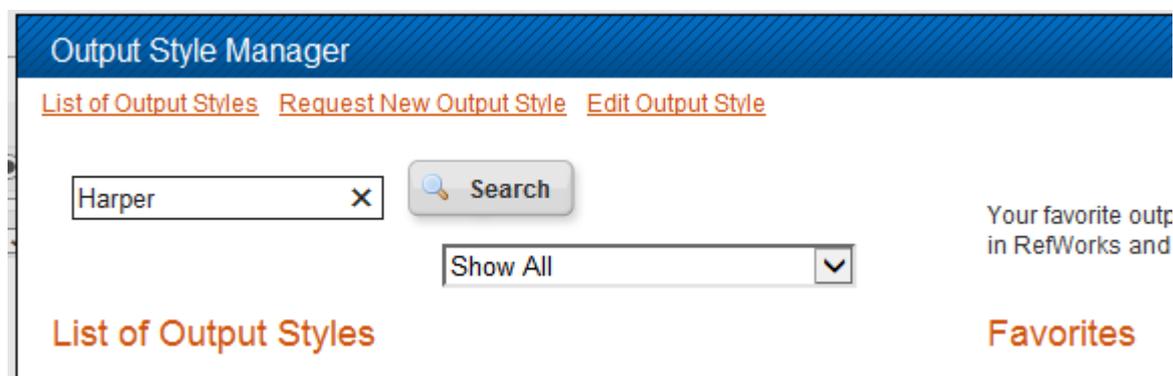

Refworks needs to know that you want to use the Harper style to format your references; you do this by putting it in your Favorites. You normally only need to do this the first time that you use Refworks

Once you have logged on click on bibliography and then Output Style Manager

If there is a list of other referencing styles in your Favorites. Remove them

Search for Harper using the search box at the top

Then click on Harper Adams University –2016 to highlight it and then click on the green arrow to move it into your Favorites

It will then appear in your Favourites:

Close the Output style manager, you don't need to save anything.
